The application may also be inspected online at the following website set up by the applicant: www.glebe2shd.ie

Glebe House

The proposed development includes the refurbishment of Glebe House, a Protected Structure. Unfortunately, subsequent to the Pre-Application Consultation with An Bord Pleanála, this building was damaged by a fire. In particular, the roof was badly affected, leading to considerable ingress of rainwater. The owner, Seabren Developments Ltd, is concerned that this may lead to further deterioration of the fabric of the building and hopes to reinstate the roof as soon as possible, under the provisions of Section 4(1)(h) of

the Planning and Development Act, 2000. Discussions have been held with the Senior Conservation Officer in the Council and it is proposed to carry out the emergency repairs as soon as is practicable. But any such reinstatement is entirely subject to determination that this is appropriate, by the Planning Authority, under the provisions of Section 5 of the Act.

This correspondence is made in accordance with and Section 8(1)(b) of the Planning and Development (Housing) and Residential Tenancies Act 2016 and Article 285(5)(b) of the Planning and Development (Strategic Housing Development) Regulations 2017, which requires that a copy of the application is issued to certain prescribed bodies. A copy of the application in digital format in is enclosed for your information.

The application is made following a Pre-Application Consultation with An Bord Pleanála and the receipt of a Notice of Pre- Application Consultation Opinion (Pre- Application Consultation Reference ABP- 311973-21)

A full schedule of the application documents is outlined in the table below, while a schedule of all drawings is also provided.

Should you have any queries in relation to the above, please do not hesitate to contact the undersigned.

Yours sincerely
